GRAVES COUNTY SHERIFF SLAIN

Shot Down Without Warning by Deputy Samuel Galloway.

John T. Roach, sheriff of Graves County, was shot and killed in his office at the courthouse, in Mayfield, a few minutes before 12 o'clock Monday by Samuel Galloway, a deputy sheriff. The sheriff was slain without a chance to protect himself.

Galloway fired three shots, all of which took effect in the sheriff's body. The fatal shot struck him in the breast near the heart. Doctors were rushed to the scene, but the sheriff died just after noon, a few minutes after they arrived.

The sheriff's pistol was removed from his pocket after his death, showing that he had no chance to draw it. The shooting was done so quickly that the sheriff's deputies who were in the office at the time had no chance to interfere. After the body of the sheriff was removed the office was closed. Blood stains on the floor and the mark of two bullets buried in the window still remain to show where the tragedy occurred.

The motive for the shooting is unknown, but it is believed that there had been trouble between them in regard to Galloway's salary, according to the deputy sheriffs who were in the office at the time of the shooting. Neither man seemed angry, and without any warning Galloway walked over to the safe where his .45 Colt revolver was, took it out and killed Sheriff Roach. He then said, according to witnesses, he was going to kill Arthur Roach, brother of the sheriff, who was in the office, but evidently changed his mind. He had started out the door when he was arrested by Deputy Sheriffs Norman Carr and Joe Thomas. He surrendered his gun to Carr, who carried him to jail.

Immediately following the shooting hundreds of people gathered at the courthouse. Only relatives and officials were allowed in the sheriff's office. At 15 minutes after 12 it was announced that the sheriff was dead. Galloway is about 25 years old. He will soon be given a trial, according to county officials.

Circuit Court started in Mayfield Monday but was adjourned, and cannot function until a new sheriff and staff officers are appointed. At present that county is without a sheriff or deputy as the tenure of office of each of the deputies came to an end with the death of the sheriff.

John T. Roach was one of the most popular sheriffs ever elected in Graves County. He was a member of the Elks Lodge, the Masonic Lodge and the Odd Fellows. A national guardsman company was organized here several weeks ago and he was made captain. When the World War started he joined the army as a private, but was promoted to captain. He had served one term in the Kentucky Legislature.

Sheriff Roach was 39 years old and leaves a wife, a three-year-old daughter and five brothers. He had served only two months of his four year term in office.

Samuel Galloway, slayer of the sheriff, lives six miles south of Mayfield. He has a wife and one child. He served in the marines during the war, where it is said he received a medal for marksmanship. Before the election of the sheriff last fall he announced he was going to run for the office, but did not do so. County Coroner O. M. Merritt is acting sheriff. County Judge J. W. Monroe will appoint a successor to the office. He has informed the Circuit Judge that he will make the appointment by Friday. The Mayfield Messenger seems to think that Mrs. John T. Roach will be appointed to the place and that with a force of deputies could handle the affairs as well as anyone. The appointment will continue for a year from next August, as that is the next time a state election will be held. As a precaution against possible mob violence, Galloway was taken to Paducah late Monday afternoon and placed in the McCracken County jail. On the trip from Mayfield to Paducah he told officers that Sheriff Roach had not treated him fairly.

The Graves County Grand Jury, at twelve o'clock Tuesday, exactly twenty-four hours after they had been empaneled, returned an indictment to the circuit judge, it being a true bill against Sam Galloway, charging him with the murder of Sheriff John T. Roach.

The indictment, signed by the foreman, declares that "Sam Galloway did unlawfully, wilfully, maliciously and feloniously, with a pistol, and with felonious and malicious intent, did shoot and kill John T. Roach." The grand jury, after handing the indictment to Judge Hester, was adjourned by the Judge until Monday week.

W. A. DODDS WILL GIVE \$1,000 TOWARD BALL TEAM

W. A. Dodds, one of Hickman's most enthusiastic baseball fans, makes an offer of \$1,000 toward a fund to organize a baseball club in Hickman for this season. The only condition under which he makes his offer is that \$9,000 more be raised in the city, to which he will add his thousand making \$10,000 to be used for this purpose, which sum would mean that a team would represent Hickman equal and superior to any teams in this section.

\$25,000 SCHOOL BOND ELECTION

Special Election Will be Held April 1st in Hickman.

The Hickman School Board in their regular meeting Friday night after a thorough discussion of the needs of the local schools decided to submit, with the approval of the city council, a \$25,000 school bond issue to the voters of Hickman. A committee consisting of H. L. Amberg and H. C. Helm was appointed to meet with the mayor and council at their regular meeting Monday night and present the matter for their approval.

The council heard Mr. Amberg and Mr. Helm present the matter and went on record as favoring the bond election. The date for the election has been set for Saturday, April 1, for which a special registration will be held March 25.

The buildings in which the city schools are conducted have for a long time been crowded to and beyond their capacity and the growth of the schools has made necessary enlargement of the school building several times, but the time has come when if we are to give the children of Hickman the proper school training we must enlarge the buildings and improve the facilities for giving them this training, and it is on this account that the question of issuing these bonds is to be voted on. The amount should be larger but on account of the school assessment in Hickman, this is impossible.

PROSPECTS BRIGHT FOR THE NEW TRAIN

N. C. & St. L. Officials Confer Thursday With Local Business Men

A conference between the business men of Hickman and the officials of the N. C. & St. L. railway was held Thursday afternoon to work out some plan by which a better train service between Hickman and Hollow Rock Junction might be had. The conference was held in the directors' room of the Hickman Bank & Trust Co., beginning at three o'clock.

H. F. Smith, first vice-president of the railroad, Chas. Barham, general freight agent, W. I. Lightfoot, general passenger agent, W. H. Wharton, assistant freight agent and J. C. Galloway, passenger traffic agent, represented the railroad at the conference. They arrived Thursday afternoon in a private car, leaving Friday morning.

A good representation of Hickman business men was present, in fact, many were turned away owing to the size of the room in which the conference was held. Vice-President Smith acted as chairman of the meeting and called on various business men of the city, who plainly stated the need that Hickman had for the incoming morning train and outgoing night train. Each phase of the subject was carefully discussed by the railroad officials and the local men.

Following a suggestion of some of the Hickman men present, Mr. Smith stated that, owing to the fact that a new train added to those which were already running on this division would be a certain loss, an experiment would probably be made of replacing one of the trains already running with the new service. The train which would be taken off would be the one leaving Hickman at 6:50 a. m. and the one arriving at 8:45 p. m., the one replacing it to run on a schedule for its arrival at 7:45 a. m., and departure at 9:30 p. m. This experiment he said would probably be made if other towns along the line would agree to it.

It is to be hoped that this experiment will be made, if it is not possible to add the new train without taking off either of those now running, as the train service on the N. C. & St. L. to and from Hickman is in reality a detriment rather than of any benefit whatever to the city. From the expressions given by Mr. Smith and the other officials of the line the probability is that we shall soon have the new train although we may have to lose one of the others.

ASSIST DISABLED EX-SERVICE MEN

Contact Representative Will be in Hickman March 10 and 11.

The Contact Section of the United States Veterans Bureau will send Mark Cunningham, a representative of that office, to Hickman on March 10 and 11 to interview disabled ex-service men, who are not satisfied with the rate of compensation they are drawing, those who wish to apply for vocational training or any who need adjustment on their claims.

The above information came in a letter to Charles Fethe, adjutant of the Aubra Townsend post of the American Legion, and further asked that the local post do all it can to let the men know about Mr. Cunningham's visit. While in the city he will be at the headquarters of the American Legion in the new Ledford building, and he is very desirous of forming contact with every man whose claims need adjusting, or who is dissatisfied with his present status.

DEATH OF MRS. W. C. KELLY

The sudden death of Mrs. Carrie Kelly, wife of W. C. Kelly, civil engineer, was a shock to the entire city. Mrs. Kelly was out in the car Wednesday, in her usual good health, returning to the residence on Main street a short time before she was taken ill. She died between 5 and 6 o'clock, March 1, from an attack of the heart, which lasted only a few minutes. Mr. Kelly was away, but reached home at 8 o'clock.

Mrs. Kelly was a daughter of Mr. and Mrs. C. B. Hale. She was reared in the vicinity of Mount Zion. She is sur-

vived by her husband and two daughters, Caroline and Martha, also by her parents and two brothers, Tilmann and Algire B. Another brother, Ardele Hale died at Camp Jackson, B. C., October 13, 1918.

Mrs. Kelly was a member of the Methodist church, a woman of rare graces of mind and character, loved at home and esteemed by every one who knew her. The loss of the young wife and mother is a great sorrow, and the entire community mourns her departure.

Services were conducted at the residence Thursday, Revs. E. M. Mathis and G. W. Evans paying tribute to the deceased.

A short service was held at the home of Mr. and Mrs. Hale and the remains were interred at Mount Zion—Union City Commercial.

'MECHANICAL MOTHER' FOR DESERTED LAMBS

The problem of saving lambs deserted by mothers has been solved by a Petaluma, Calif., ranchman. It is in the "mechanical mother" method as pictured above. Feeding lambs by hand is a great task but by arranging nursing bottles filled with hot milk on a rack, the lambs are soon taught to feed themselves. Ewe mothers of twins almost always refuse to feed more than one. The other must be hand fed or starve.

SESSION ENDS WHEN LIGHTS ARE EXTINGUISHED

The State Senate passed the bill to reorganize the State Road Department and abolish the present State Highway Commission at 4:08 o'clock last Wednesday morning, after approximately seventeen hours of filibustering on the part of Republican members. The vote on the bill was 19 to 16, Democrats and Republicans.

Shortly after adopting the measure there ended one of the most exciting and the longest continuous sessions, old timers say, ever held by a branch of the Kentucky Legislature.

With the Senate chamber in total darkness—Democrats and Republicans alike—warmed by continuous fighting over a period of nineteen hours, that body adjourned at 4:30 o'clock Wednesday morning still working as the legislative day of February 28.

During the stormy afternoon session Senator Ben T. Davis, Democrat, asked for a leave of absence until 10 o'clock Wednesday morning, explaining that he was ill. He was asked to make a pair, but Senator J. H. Branstetter of Glasgow, Republican, objected because, he said, Mr. Perry refused to allow him to make a pair earlier in the day.

A roll call was demanded on the leave of absence for Mr. Davis, and this was granted with only two votes opposing it. Republican senators paid glowing tribute to Mr. Davis as a senator and man. Senator Starling C. Marshall, for the Democrats, called attention to the danger from Greeks bearing gifts.

Kathleen Norris

The late William Dean Howells, one of our best loved authors and literary authorities, said of Kathleen Norris: "She puts the problem, or the fact, or the trait before you by quick, vivid touches of portraiture or action. If she lacks the final touch of Frank Norris' power, she has the compensating gift of a more controlled and concentrated observation."

Kathleen Norris is one of that modern school which is bringing the Pacific Coast into such prominence as a seat of literary ability. She was born in San Francisco and has been writing since 1910. She has contributed short stories and serials to all the leading magazines and her books have been widely read. The latest to go into serial form is "Harriet and the Piper," which will be printed in this paper. It is a treat and we hope no present or prospective reader will miss it.

MAYFIELD TOWN CLOCK FROZEN UP

CALOMEL GOOD BUT NEXT DOSE MAY SALIVATE

It Is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick, and cannot salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

HARRIET and the PIPER

Shall a Woman be Bound by Her Past, if She Has Outlived It, Not in Years Only, but in Larger, Useful, Self-Sacrificing Life?

Harriet Field in the joyous trustfulness of youth and innocence, gave herself in a fanciful wedding ceremony which had no legal standing, to a suave adventurer. She had escaped. Now, nine years later, hiding her secret in service in the Carter family, the new life she had built was threatened. Harriet had listened to the music; how shall she pay the piper? Her momentous decision gives the story a meaning and a message.

A narrative remarkable, in its handling of characters and situations, even for Kathleen Norris. Everyone should read it.

NEMITZ WILL TRY OUT WITH MEMPHIS THIS YEAR

Local followers of the national pastime will distinctly remember Clarence ("Lefty") Nemitz, the ace of the Hickman pitching staff last season. After the local club disbanded Nemitz spent the remainder of the season with the Dyersburg club. The Commercial Appeal of last Sunday carried an interesting article, together with a picture of Nemitz, in which it is said he will get another chance with the Memphis club of the Southern League, from which club Hickman secured him. From the form he showed last year predictions are freely made that he will stick with the Memphis club this time. The Commercial Appeal's article follows:

Among the candidates for pitching berths with the Chickasaws are three youngsters who have had a previous trial and who this spring will be given a thorough trial and looked over by Chief Spencer Abbott before they are discarded. They are "Hy" Fowlkes of Dyersburg, Tenn., and Earl Webb of Isolene, Tenn., right handers, and Clarence Nemitz of Cleveland, Ohio, south paw. And judging from their performances of last season each of these young candidates stands upon a platform of a strong pitching arm.

While Chief Abbott thinks well of each of the youngsters and states that each will be given every opportunity to display his wares, the chief will likely devote much personal attention to the nursing of young Nemitz. Principally for the reason that the Chicks are in dire need of a left sided pitcher and secondly of a development concerning Nemitz after he left the Chicks last spring.

This spring will be Nemitz's third trial with the tribe. He came here in the spring of 1920, but returned home on account of illness and pitched independent ball around Ohio. He was brought back again last spring, and while he had developed physically was not regarded as quite ready for the Southern League. The Chicks retained a string on Nemitz, but gave him the right to choose his own berth for the summer.

Nemitz remained south and played independent ball. His pitching attracted considerable attention, and eventually Joe Engel, scout for the Washington Americans, went to look over the youngster. Engel witnessed Nemitz pitch several winning games and recommended him to the Washington club. Clark Griffith, president of the Washington club offered to pay off all indebtedness of the club Nemitz was then playing with and give Nemitz a substantial bonus to sign a contract. Nemitz agreed. The Memphis club got wind of the deal and took the case up with Judge Landis. The high commissioner of base ball decided that Nemitz was the property of the Memphis club, and so the trail of the young left hander again leads to the Russell park wigwam.

Nemitz has already signed a contract and a recent letter stated that he was expecting to spend the summer helping the Chicks win another pennant.

OIL INSPECTORS' FEES LIMITED.

By a vote of 52 to 42 after considerable debate the House of Representatives passed Frank L. Strang's oil tester and gauger bill, which if it becomes a law, will place a legal limit of \$3,600 on the amount of fees which may annually be received by any oil inspector in the commonwealth. An effort is made by the bill, to convert all surplus fees received into the public treasury to a special fund.

Should this bill be passed by the Senate, and meet the approval of the governor, it will reduce the oil inspector of Jefferson County at present Roscoe Searcy, brother of Chesley Searcy, Republican national committeeman, from an annual income from that source which has been variously estimated at from \$25,000 to \$45,000 to one of \$3,600.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

PRITCHETT HELD FOR MURDER OF TACKETT

Irvin Pritchett, 23 years old, a young farmer residing near East Prairie, is being held under a \$5,000 bond for murder, following assault with fatal results on William E. Tackett, 27 years old, in Tomkin's cafe, in East Prairie, Saturday night.

According to the testimony of witnesses at the inquest held Sunday by James B. Sanders, justice of the peace, and the admissions of Pritchett to J. C. McDowell, prosecuting attorney, the tragedy grew out of a trivial quarrel between the men that occurred about a year ago, since which time they have not been on good terms. Pritchett says that he went into the cafe about 9:30 o'clock Friday night and there encountered Tackett, who made some slight remark, said to have been, "Well, do you feel like a man tonight?" No further words passed, but Pritchett says that he kept thinking of the remark and of what he characterizes as the "smart aleck" manner in which the remark was made, and that the longer he studied over the matter the angrier he grew.

Pritchett left the cafe, but returned about 10 o'clock, and finding Tackett still there, picked up an empty soda water bottle from the counter and walked over to him, throwing the bottle when within a few feet, without warning. He then struck Tackett several blows in the face with his fist. Tackett was stunned by the bottle, which struck him in the temple, although still on his feet, and asked several persons where he was and what had happened. He then turned and walked out the door and one of the spectators, seeing his condition, accompanied him home, where he appeared unable to answer questions as to his condition. A short time after his arrival he was seized with convulsions and died Sunday morning, the inquest revealing that his skull had been fractured by the blow.

Pritchett was arrested immediately following Tackett's death and was brought to Charleston and placed in jail, but was released Tuesday afternoon on a \$5,000 bond.—Charleston Enterprise Courier.

COUNCIL PROCEEDINGS.

Of The City of Hickman, Kentucky,
Monday, March 6th, 1922.

The following ordinance was passed by the affirmative vote of all the councilmen present, said ordinance is in words and figures, as follows:
An ordinance providing for an election to be held in the City of Hickman, Kentucky on April 1st, 1922, to take the sense of the qualified voters of the school district embracing the City of Hickman and annexed territory on the proposition of whether the Board of Education of said City of Hickman shall issue and sell school improvement bonds to the amount of \$30,000 for the erection and equipment of a new school building or buildings and for the enlargement of school buildings already erected in said district.

Whereas, the Board of Education of the City of Hickman has certified to the General Council of the City of Hickman that it is deemed necessary by it for the proper accommodation of the schools of said district to erect and equip a new school building or buildings and for the improvement and enlargement of buildings already erected in the district embracing the City of Hickman, Kentucky and that the annual funds raised from other sources are not sufficient to accomplish said purpose and the said board has made a careful estimate of the amount of money for such purposes and fixes the same in the sum of \$30,000 and that an election for an issue of bonds for school improvement should be held in said district for said purpose to raise said money, the proceeds of which are to be applied as aforesaid, as is required and provided for by Sec. 20 of Chapter 14 of the Acts of the General Assembly of the Commonwealth of Kentucky, approved March 13, 1920, and which section appears on page 48 of said Acts and which title is as follows:
"An Act defining boundaries for school districts embracing cities of the fourth class, and providing systems of schools in such districts, and creating Boards of Education for such districts, providing for election thereof, defining their powers and duties, and repealing all laws in conflict therewith."

Section 1. Be it therefore ordained by the Board of Council of the City of Hickman that the proposition be submitted to the qualified voters of the said city and territory annexed thereto for school purposes on the first day of April, 1922, as to whether bonds shall so issue by the said Board of Education in a sum not exceeding \$30,000 for the purpose aforesaid, the said bonds to be designated as "School Improvement Bonds," and said bonds to be serial issue and to run for a period of 15 years, \$2,000 of such bonds to mature at the end of each year from date of issue, the rate of interest on said bonds not to exceed 6 per cent, payable semi-annually and that a tax be annually levied as provided for in said law to

pay the said interest and to redeem the said bonds as they mature.
Section 2. That a special registration of all qualified voters shall be held in the City of Hickman on March 25th, 1922, and that notice of this registration and of this election be given and published as is required and provided for by law; that this ordinance to become and be in force and effect from and after its passage and publication.
T. T. Swayne, Mayor.

Rev. Pat Davis of Louisville, Ky., who will conduct a series of meetings at the First Methodist beginning March the 19th.

Mr. Davis is one of the General Evangelists of the Southern Methodist Church, a man of pleasing personality, big hearted, tender and kind, as clean and chaste in all his utterances as one could desire.

The Methodist people are asking the cooperation and prayers of the entire city in this revival enterprise, we want it to be OUR revival from a community standpoint.

We are a great people, Bro. Davis is a great evangelist and with a real cooperative effort we may have a GREAT revival.

Make your plans to become a part of this movement from the first service with push, pep, perseverance and prayer—we can put over a real job for God and His cause, let's go to it in His name.

It doesn't matter whose church you belong to if you love God and are interested in unredeemed humanity and want to see His kingdom come you are invited to get in the fight. I am not interested so much about whose church the saved man joins but I am tremendously interested in getting the man saved and then let him go into the church of his choice and get busy for God.

HICKMAN SCHOOL PROBLEMS.

Our Schools as They Are

A recent survey of the Hickman schools show that the pupils are divided into three classes: Those under age for their grades; those of normal age for their grades; and those over age for their grades. We find about 5 1-2 per cent of our pupils are under age for their grades. This division is always small in all schools. We find that 46 1-2 per cent of our pupils in the normal age. In other words they are in the grade in which they naturally belong, according to their age. They have neither lost nor gained but have secured a promotion each year. We call them normal in their school progress. It is in this group that most of the children in our schools should be found, however, only 46 1-2 per cent of them are found in this group. 48 per cent of our pupils are found in the third class. The pupils in this division are below the grades in which their ages would entitle them to be. This means that 48 per cent of the children in school have lost from one-half to seven and one-half school years. A great number of children are from two to five years behind the grade they should be in.

The Tax Payer.

What does this mean to the tax payer? When a child repeats a grade it costs the community about forty dollars. Forty dollars represents the medium cost per child per year for elementary education. To give a child a common school education costs \$320.00, provided he does the work in normal time which is eight years. But let us suppose he fails twice and instead of completing the work in eight years it requires ten years. It does not take a mathematician to figure that his education has then cost the community \$400 or an additional cost of \$80, which represents waste in education. This year we have 110 children repeating the same work they did last year. Why did these children fail?

The total number of school years lost by all the children enrolled in the Hickman schools is 899 1-2 years. \$40 multiplied by 899 1-2 equals \$35,980. This represents the price this town is paying for permitting children to drag along through school, spending much longer time securing an education than is necessary. This amount of taxes would pay for our new buildings.

It will never be possible to completely eliminate all over age pupils but the number of over age children in any school system should not be greater than the number under age for their grades. This maintains a balance and keeps down the additional cost involved because of retarded children.

The Child.

What does it mean to the child to lose from two to five years while securing an education? Just this: Either the child fails to complete his education, dropping out of school as soon as the compulsory law will permit and becoming one of the less efficient or he remains in school until he has completed work at a great personal loss.

If a boy must remain in high school until he is twenty to get his diploma, he has lost two years in college or he has lost his earning power for two years. This is merely an attempt to point out how expensive this question of averageness is both to the public and the individual.

Reasons for Existing Conditions.

Why are so many of our pupils over age for their grades? Do you think that it is because they are not as bright as the children elsewhere? Well, that is not the reason. It is because they have not had the opportunities. They have been crowded into rooms, poorly equipped, poorly heated, poorly lighted, and poorly ventilated. Often the teachers have been asked to teach from 60 to 120 children. The attendance has been irregular. No one teacher can look after this number of children and get more than half of them through a grade.

The Remedy.

The remedy for these conditions must be provided. It is a false economy that will permit children to attend school in a building poorly equipped for educational purposes. New buildings must be constructed if we are to improve existing conditions. It is a false economy that will permit more than forty children to be assigned to one teacher. The attendance must be regular. A course of study must be prepared that will be modern and up-to-date. ***

APPROPRIATE \$4,250 FOR HEALTH & WELFARE LEAGUE

The fiscal court in its regular session Tuesday appropriated \$4,250 to the Health and Welfare League in Fulton County for use in the full time health department. The League was represented by delegates to the court and asked for an appropriation of \$7,500. The \$4,250 appropriated by the fiscal court will be matched by a like amount from the states, making \$8,500. The fund raised last year was \$10,000 and to equal this sum this year \$1,500 will have to be raised by public subscription. Last year \$2,500 was appropriated by the fiscal court, \$2,500 was given by the state and \$5,000 was raised by public subscription in Hickman and Fulton.

SEED CORN FOR SALE

NEW FEATURE FOR COURIER READERS

"Harriet and the Piper" Will Begin in
Next Week's Issue

The Courier has secured for its readers the publication rights on an intensely interesting and human story, "Harriet and the Piper," by Kathleen Norris, the talented author of a great many widely read novels, among them "The Story of Julia Page," "Sisters," and others. This feature will begin in next week's issue, and the striking and exceptional story, written in the author's inimitable manner, will, we feel sure, be appreciated by our readers.

This story has been shown on the screen here at the Rex theatre some time ago and was greatly enjoyed by those who saw it. The story as written by Kathleen Norris will doubtless greatly interest those who saw the play as well as those who did not, and we hope our readers will take advantage of the opportunity of reading this story. If it is enjoyed we ask that you tell us, for we are anxious to secure only those features which our readers like.

Be sure to start with the opening chapter, which will start in The Courier next week.

NATION WIDE BEAUTY CONTEST WINNER AT REX THEATRE

Miss Edith Mae Patterson, winner of the nation wide beauty contest staged by the St. Louis Globe-Democrat is billed to be at the Rex Theatre today, both at the afternoon matinee and at the night show. She appears in person in "The Dream Girl," a musical novelty of art, beauty and songs, and is assisted by Carter Haynes, the southern baritone. According to reports from the various nearby cities at which she has shown the judges in the beauty contest used excellent judgment in their selection of the winner, for she is said to possess rare beauty, and her performance is highly recommended.

Aside from this attraction there is on the program, an excellent picture starring Conway Tearle. Do not miss this especially attractive program, this afternoon and tonight.

ADAMS DECOY CO. ORGANIZED.

The Adams Decoy Co., incorporated with a capital stock of \$10,000, was organized last week with the following officers elected: W. J. McMurtry, president; Joe W. Engel, vice-president; Jno. Pyle, secretary and treasurer; and J. Q. Adams, superintendent. The new manufacturing concern will be located in the Curlew millcoat factory building beginning with the manufacture of decoys, although gradually they will expand to include other articles for manufacture. The decoys are to be made according to the formula of J. Q. Adams, and considerable force of workmen will be used by this company.

START PROMOTION OF TRUCK GROWING

Will Encourage Hill Farmers to Raise
Sweet Potatoes, Strawberries, Etc.

A movement is now on foot among the business men of Hickman to promote the raising of sweet potatoes and strawberries by the farmers cultivating land in the hill section between the Troy and Dyersburg roads. They have launched a campaign among these hill farmers to start growing these two highly prolific and paying crops this year and they are meeting with great encouragement.

A meeting is to be held at Graves schoolhouse tonight, at which the great advantages of these crops over the corn and cotton crops will be explained.

If a hill farmer continues as he has in the past he can cultivate about 25 acres of corn which will make on an average of 600 bushels and selling at the present price of 50 cents a bushel, make gross \$300. One man and team can handle 15 acres of sweet potatoes and that land is producing from 200 to 500 bushels of sweet potatoes an acre, and the government reports show that the average price of sweet potatoes for the past ten years has been about \$1.25 a bushel. Therefore the man growing sweet potatoes would sell gross from \$3,750 to \$9,375 produced on 15 acres against \$300 from 25 acres of corn. Strawberries run in about the same proportion as sweet potatoes. These figures are facts and these statements can be verified by asking those in the truck raising territory around Hickman.

It is thought that with the proper encouragement and help from the business men of Hickman the farmers in the section between the Troy and Dyersburg roads will plant 400 acres of sweet potatoes and 100 acres of strawberries this year and a conservative estimate would be that the gross sales would amount to \$125,000. The same acreage in corn will bring in gross about \$7,500. The difference in cash the farmers will have if they raise sweet potatoes and strawberries instead of corn on the same number of acres would be \$117,500.

In addition to this it is a well known fact that the hill section around Hickman is especially adapted to the raising of these two crops as well as other truck, being excelled by no other land in this part of the country, and there is no reason why Hickman should not be a sweet potato and strawberry center, nor why the farmers in the hill section near here should not be getting their share of the profits which are accruing to farmers everywhere through the growing of these crops.

The foregoing statements are not the idle dreams of some theorists but they are the experiences of farmers not only elsewhere but right here in our midst who have been raising these crops, and any one of them who has been engaged in this kind of farming will verify the

FARM BUREAU REMAINS HERE

Directors Reverse Decision to Move
Headquarters to Fulton.

After meeting in Jordan last Tuesday and voting to move the headquarters of the Fulton County Farm Bureau from Hickman to Fulton, the directors met Friday in the office of the farm bureau here and after some discussion, in which certain insurmountable obstacles presented themselves, reversed the decision of the meeting of last Thursday, so that the offices of the bureau will continue to be located in Hickman.

Officers which were elected for the ensuing year at the meeting at Jordan are as follows:

President, T. E. Williamson; vice-president, Roscoe Stone; secretary and treasurer, Norman Terry. The following were appointed on the executive committee from the various districts of the county:

District No. 1, E. A. Thompson and J. H. Wade; District No. 2, J. C. Lawson and W. C. Sowell; District No. 3, R. C. Prather and S. A. Wilson; District No. 4, W. A. Nipp and H. G. Shaw.

TAX ASSESSMENT LOWERED \$50,000.00

The increase of \$400,000 in the tax assessment of farm lands in Fulton County was lowered by \$50,000 by the state tax commission. County Judge Chas. D. Nugent, Magistrates Pollock, Attebery, Coombes and Hagler, County Clerk Henry and County Attorney Adams, were in Frankfort last week to ask the commission for a reduction. It was hoped to secure even a greater reduction than the one which was secured, but our representatives were unable to convince the tax commission of its necessity.

REMAINS BROUGHT HERE

The remains of Louis Palmer, son of Ed Palmer, were brought here from the home in St. Louis and were buried in the City Cemetery Saturday afternoon. Death was the result of pneumonia. The family formerly lived at Hickman.

statements, and it would be well for every farmer to think this matter over thoroughly.

Much enthusiasm is being manifested, and with some live, progressive men back of the movement it is sure to be a success.

Mr. Farmer, be sure to attend the meeting at Graves schoolhouse and hear the matter explained, then think it over and you will see that you cannot afford not to plant these two paying crops. And the business men of Hickman are going to see that every farmer in that section and in other sections near Hickman has the chance to put in these crops.

CASH—TIME

We are going to adopt a cash and time price for our entire line of Implements. In other words, we are going to put you on the same basis the factory has put us. It wouldn't be treating you right to take your cash for an item and then wait on your neighbor until fall for the same thing. We have carried over a great many accounts and notes, and therefore will not be in a position to do a large credit business, and we will make exceptional prices for cash.

All Seeds are strictly cash to every one.

Formalin or Bichloride

Every man who plants Irish potatoes this spring should treat the seed with formalin or bichloride of mercury before planting to destroy scab and other diseases carried on the potato seed. Unless you buy certified seed, nine chances out of ten the seed will have more or less scab.

Formaldehyde treatment: Add one pint of formalin (40% strong) to 30 gallons of water; mix it thoroughly. Set your potatoes in this solution in bags and allow them to remain for two hours.

Bichloride of Mercury treatment: Add 4 ounces of bichloride of mercury to 30 gallons of water. Treat the potatoes as above for two hours and all disease organisms are destroyed.

You can get certified seed from W. T. Grissom and the Ellison Grocery & Hardware store at Hickman, and from Underwood, Stubblefield, McNeilly & Halley at Fulton. I advise you to take a look at them if you want to see some real seed.

Poultry: Get your White Rock setting eggs now at the Farmers Bank at Fulton, and the Farmers & Merchants Bank at Hickman. Sixty settings have already been taken. Get your eggs now and set them at the first opportunity. Early chickens pay.

How about sweets? Sweet potatoes last year made an average of from 200 to 300 bushels per acre. Those potatoes are pretty certain to give an acre return of \$200 or better. There is no finer sweet potato section than the section between the Dyersburg and Troy roads. This does not mean, however, that the bottom land and the land out east of Hickman are not also good, but the land between the Troy and Dyersburg roads is exceptionally well adapted to sweet potatoes; in fact, I don't believe it can be beaten anywhere. I would advise that every farmer in that section make the sweet potato one of his main crops.

O. L. Cunningham,
County Agent.

J. W. O'REAR'S HOME BURNED.

The home of J. W. O'Rear, in East Hickman, burned last Wednesday night the fire being discovered at about eight o'clock. The family were all away from home visiting at the home of a neighbor and knew nothing of the fire until the alarm was turned in. They found the home already a mass of flames and were unable to save much of the household goods. Some insurance was carried on the home and furniture, although but a small amount was carried on the latter.

A GOOD TONIC FOR OLD PEOPLE

Gude's Pepto-Mangan Restores Strength and Prevents Illness

Aged people often need a good blood tonic. When the blood becomes clogged with poisons from the system, Gude's Pepto-Mangan purifies it by driving off the waste matter. Good blood is full of vitality and prevents illness, giving the body greater power of resistance. The weaknesses of old age are greatly helped by a supply of rich, red blood. Gude's Pepto-Mangan is sold in liquid or tablet form by all druggists. It has been recommended by physicians for thirty years and is a valuable tonic and builder for the weak and run down of all ages from childhood to old age.—[Adv.]

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

W. W. Page Stricken While Attending Gypsy Smith Revival.

Mrs. H. N. Cowgill, Sr., of this city, was notified at an early hour last Thursday morning of the sudden death of her brother-in-law, Walter W. Page, prominent business man of Nashville. Mr. Page was well known to a number of Hickman people, having visited here. He was stricken Wednesday evening while he and Mrs. Page were attending services at the Gypsy Smith Tabernacle in Nashville and died at 2:30 Thursday morning, death resulting from apoplexy. Mr. Page was prominent in the business affairs of Nashville and member of a well-known family in that city. The funeral was held Friday in Nashville. Mrs. Cowgill and her daughter, Mrs. B. G. Hale, Jr., attended the funeral. Mrs. Page, who was Miss Mabel Truby, formerly resided here and is well known to Hickman people.

SYD DODDS ATTAINING NATIONAL SPORTSMAN REPUTATION

Syd L. Dodds of Clarksdale, Miss., and formerly of Hickman is attaining a national reputation as a trapshooter. In the 1921 shooting records he ranks second with 600 handicap targets shot at 200 from 19 yards and the remainder at 17 yards; his average was 9383. Annually Mr. Dodds stages a trapshooting tournament in Clarksdale and on his method of putting the affair over a dispatch from New York to the Sunday Commercial Appeal is as follows:

That there always is a way to overcome any obstacle is demonstrated in the brilliant idea just put forth by Syd L. Dodds, a wealthy sportsman, who is going to stage the Cotton Belt Trapshooting Championship in his home town, Clarksdale, Miss., starting April 24. Clarksdale is far too small to comfortably house all of the nimrods who will invade it on April 23 to remain until the last shot is fired three days later, so Dodds, instead of erecting a "Tented City" within the corporation limits of Clarksdale, has hit upon the new scheme of providing a "City of Trains." In consequence of his plans hundreds of trapshooters, if Mr. Pullman doesn't offer strenuous objections, will charter special cars in their own cities and live in them during their stay in Clarksdale.

WHAT TO DO FOR COLDS AND FLU

For colds, grippe, flu and to prevent pneumonia, take Mendenhall's Chill and Fever Tonic, a pleasant substitute for quinine, combined with a laxative cough syrup. Mrs. Lula K. I then tried Mendenhall's Chill Tonic, using two bottles. He completely recovered in about ten days. Our family physician now uses your chill tonic." We authorize druggists to guarantee Mendenhall's Chill and Fever Tonic, better than any other.

The Preface.

Is a preface exquisitely written? No literary morsel is more delicious. Is the author inveterately dull? It is a kind of preparatory information, which may be very useful. It argues a deficiency of taste to turn over an elaborate preface unread; for it is the altar of the author's roses, every drop distilled at an immense cost. It is the reason of the reasoning, and the folly of the foolish.—Isaac D'Israeli.

May Pipe Coal From Mines.

The suggestion of piping coal from the mining regions to New York is being seriously considered. It is proposed to grind the fuel into rather small particles at the mines, and then shoot it through pipes into the heart of the metropolis, where the water will be removed, and it is then ready for burning, thus saving delay and expense.

CHESTNUT DISHES.

Chestnuts are the favorite nut in the autumn, and when plentiful may be used freely in various dishes, being both nutritious and reasonable in price.

Chestnut Glace.
—Boil two cups of sugar, one cup of water and a pinch of cream of tartar to a caramel stage or until of a yellowish tinge. Dip the whole nuts, already shelled and blanched, into the hot sirup, using a sharp skewer for dipping; a hatpin is a most convenient dipper. Put on paraffin paper to drain and dry.

In roasting chestnuts before an open fire, the small ends should always be well slit, that they may not burst too violently with the heat. A corn-popper is a safe method of roasting them—better than a shovel or open dish. If to be baked, place them on a perforated dish in a hot oven and bake them until they are thoroughly mealy—about ten minutes.

Chipolata.—Blanch and parboil some chestnuts; chop them, add equal parts of minced mushrooms, carrots, turnips and small sausages; cover with consommé and cook until tender. Season with salt, pepper and a tablespoonful of orange juice.

Chestnut Pancakes.—Beat separately the yolks of three eggs and the whites of two; add three-fourths of a cupful of cream, a tablespoonful each of butter and sugar with sufficient flour to make a batter. Drop on a hot griddle and put together when baked in pairs with a chestnut filling between, or they may be rolled with the filling spread on the cake.

Chestnut Pudding.—Blanch a pint of chestnuts, halve them and cook three-quarters of an hour with half a pint of milk, letting them simmer until soft. Press through a sieve, add one-half cupful of sugar, a little salt, one-half teaspoonful of vanilla, a grating of nutmeg. Beat the yolks of three eggs, add to the chestnut pulp, then fold in the well-beaten whites. Put into a pudding dish and bake fifteen minutes; serve hot or cold with cream or a thin custard.

SIMILIA SIMILIBUS CURANTUR

"Similia similibus curantur" or
like ailments are cured by like
remedies or poison counteracts poison.
This the motto of homeopathy
in medicine, which has proven true
in many instances. This is why we
make Mendenhall's Chill and Fever
Tonic, with and without arsenic.
The tonic containing arsenic is de-
signed by a label printed in red
giving the quantity to each fluid
ounce. Arsenic, is "the most suc-
cessful agent in the treatment of
chronic malaria, intermittent, bil-
ious or malarial fevers, chronic
chills, brown ague neuralgia, head-
ache or rheumatism due to malaria
or general bad health. Increases
the appetite, digestion, weight and
strength of the patient and has
great power to improve the condi-
tion of the blood. It is one of the
few substances which deserve the
name of a general tonic. Inactive
liver and spleen functional nervous
disorders with malnutrition and
anaemia are benefited by its use."
Insist on Mendenhall's Chill Tonic,
made by J. C. Mendenhall, druggist
since 1873.

CHARLESTON MAY GET NEW FACTORY

Establishment Would Make New Rail-
road to Hickman Possible.

Establishment of a large wood work-
ing plant in Charleston or some other
Southeast Missouri point, to employ 500
to 1,000 men, will probably result from
the suit of R. W. Owen of Wisconsin,
Paul D. Rust, of Massachusetts, and
others against W. A. Gilchrist, which is
to be heard at an adjourned term of
the Mississippi County Court Monday.
The suit, which was filed in February,
1921, is to compel Gilchrist, former
president of the Three States Lumber
Co. and owner of one-tenth of the stock
of the corporation, to convey title to
22,000 acres of virgin timber land lo-
cated in Mississippi and New Madrid
Counties to certain other trustees and
is another chapter in the various suits
against the lumber company which have
been before the Circuit Court here for
the past ten years.

The suit, which is of interest to all
Southeast Missouri, involving as it does
the development of a vast tract of land
and the establishment of one of the
largest hardwood lumber plants in the
Mississippi Valley, is of especial inter-
est to Mississippi County, where the
handicap of the large undeveloped acre-
age has been felt for many years.
Should the present suit result in the
sale of the tract to a manufacturer, the
big mill which will handle the timber
would most logically be located in
Charleston, although Anniston, East
Prairie and possibly other towns would
be contenders for the large plant. One
of the important considerations that
the location will bring about, aside from
the great increase in population and the
financial returns the town selected
as the location will receive, is the fact
that it will be necessary to construct
a railroad south through the Three
States tract to handle the timber from
the woods to the mill. It is understood
that the Cotton Belt at one time made
an offer to the lumber interests to
build a branch through their land for
this purpose, either from Anniston or
East Prairie, thus insuring that the
mill would be located exclusively on
their lines, while it is also known that
the Missouri Pacific is interested in the
possible location and would prob-
ably construct a branch line from
Charleston to Hickman, Ky., to secure
the location of the mill on their lines.

BEAUTY ENTERTAINS PATRONS OF CENTRAL

Miss Edith Mae Patterson Appears in
Person for the Last Time Today.

Patrons of the New Central Theatre
and the people of Hot Springs generally
had the opportunity yesterday of seeing
Miss Edith Mae Patterson, winner of
the Globe-Democrat beauty contest
prize and reputed to be the most beau-
tiful girl in the country.

Miss Patterson appeared yesterday
and delighted large audiences with re-
citals and talks. She is very enter-
taining and pleasing and her appear-
ance proved that the judges did not
go wrong when they awarded the first
prize in the beauty contest. Her charms
and personal attractions were most
favorably commented upon by the per-
sons who thronged the New Central
yesterday.

Miss Patterson will appear today for
the last time. Two appearances are
scheduled for this afternoon and two
at the evening show. Those who did
not visit the New Central yesterday
should not miss the opportunity tonight
of seeing and hearing Miss Patterson.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name
"Bayer" on package or on tablets you
are not getting genuine Aspirin pre-
scribed by physicians for twenty-one
years and proved safe by millions. Take
Aspirin only as told in the Bayer pack-
age for Colds, Headaches, Neuralgia,
Rheumatism, Earache, Toothache, Lum-
bago and for Pain. Handy tin boxes
of twelve Bayer Tablets of Aspirin cost
few cents. Druggists also sell larger
packages. Aspirin is the trade mark
of Bayer Manufacture of Monoacetic-
acidester of Salicylic Acid.

How One Woman Paid

Harriet and the Piper

By
Kathleen Norris

A striking and "different"
story, one that is as excep-
tional in the fascination it
holds for the reader as it is
out of the ordinary in its
treatment.

The talented author of
"The Story of Julia Page,"
"Sisters" and other novels,
has written another charm-
ing, wholesome story which
grips the heart in a manner
characteristic of all her tales.
A vivid, pulsating, human
document. To be printed
as a serial in these columns.

CASH BONUS PLAN HAS BEEN SCRAPPED

"Adjusted Service Certificates" Would
Enable Veterans to Get Funds.

Elimination of the cash feature of the
soldiers' bonus bill, under a plan which
would enable former service men to
obtain funds from banks on adjusted
service certificates, immediately after
they were issued, is under considera-
tion by majority members of the House
ways and means committee as a pos-
sible solution of the bonus problem.

This would make unnecessary any
heavy draft on the federal treasury
during the next two years while the
refunding of the \$6,500,000,000 short-
dated debt is in progress, and it was
said, would remove the fundamental
cause of the differences in Congress
and between the administration and
Congress over the bonus question.

The task of working out the plan
was assigned to a special subcommit-
tee, which was appointed by what was
described as "unanimous consent" after
the majority members had failed to
agree on any method of financing the
cash payments. It had been planned
that they should be spread over a period
of two and one-half years from next
Oct. 1.

Emphasizing that the suggested plan
was only in the "incubation" stage,
Representative Longworth of Ohio,
said it probably would be a week or
more before the subcommittee com-
pleted its work. Whatever program is
agreed upon must be submitted to the
other majority members for a decision
and it appeared probable that it would
be at least a month before whatever
bill was agreed upon would be ready
for the House.

The sewers leading through the West
Hickman city levee were closed last
Friday on account of the rising river.
The water had reached a point where
it was about high enough to back
through into the city.
